Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I further strongly resent being charged this fee for my 2nd phone line for my home office that isn't even connected to the internet.....I consider that this WWII Infantry Vet is being double charged and now you want to triple charge me???

How about a military discount of about 75% - add military service of 39yrs 8 mos + Combat Infantry (Audie Murphy's 3d Inf. Div)<<as an enlisted man to boot>> + Senior citizen status????? WWII vets are dying off at the (current, it's going up rapidly) rate of some 3,500 per month.

WWII Combat Inf. Pvt to Sgt. Memphis, TN

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
